

Testimonials from Marjory's Sellers

Marjory also represented us during the sale of our house, with all that she did; she should have received the buyer's realtor's commission as well! When the buyer's realtor left town one week before closing, Marjory stepped in and did what it took to close on time. *Seller in 78737*

Marjory is not normal; she is exceptional! She not only helped us find a magical piece of property but also negotiated a tricky sale for us with a buyer who lived out of the country. *Happy Clients*

When we listed our home I was already working a new job in another state so my wife worked directly with Marjory. We went under contract in just one short week after receiving multiple offers, in January 2010, due to listening to Marjory's expert advice about pricing our property correctly. My wife fell seriously ill shortly thereafter and I needed to take it from there. Many things about the process were unfamiliar to me. Marjory made my experience of stepping into the middle of this movie called "Contract to Close" very easy and free of stress. I am so appreciative since the rest of my life at that time was extremely stressful. *A Grateful Husband*

Thanks so much Marjory!

You are such a "take care of business" person, you are going to "own" the market out there before much more time passes. ~ *E.R.*
